**departmental labs**

**Staff an Instructional Computing and Student Technology Support Team** - one FT and some PT staff dedicated 8am-11pm to helping faculty using advanced technology in instructional settings and resolving glitches which can ruin an entire class meeting for the students. The team would have a small stock of computer, display, projection, and connectivity items which could be lent out as needed (with setup assistance). The same staff would also provide **student technology help-desk support** where students can seek advice or assistance on BC and external technology related issues – email, web access, home PC problems, purchasing advice, referrals

- **Departmental Instructional Needs and Faculty Development** 33%

FOR EXAMPLE.....

**Implement mobile wireless lab-carts** - 1 per building

**Equip academic departments with portable computer projection and AV equipment** (cart w/Laptop, projector, screen, VCR etc..)

**Implement various "Smart Classroom" upgrades for instructional spaces**

**Fund various departmental instructional equipment/software needs**

**Fund various faculty initiatives relating to improving instructional delivery and presentation, on-line learning, and e-learning**

**Expand existing Digital Supplemental Instruction initiative** that uses on-line learning to enrich major gateway courses to improve student success

- **Total proposed:** **\$1,500,000**

**Supplies**

Student Tech Fee funds are NOT used for ongoing basic operating expenses such as supplies, printing, etc, except in small quantities as part of the initial purchase of specialized equipment. Printing costs in labs are paid for by the college's tax levy operating budget.
