Internship Stipend Awards Fact Sheet

What are stipends?/Am I eligible to apply?

Stipend awards (taxable) help current students take non-paid off-campus opportunities related to their career (internship, volunteer, off campus research, student teaching and practicum) that they would not have otherwise been able to afford. Please note that currently only remote internships are being approved for stipends. It may be possible the summer and/or fall may be the same.

- The stipends are competitive, with approximately 30% of students selected to receive an award
- All majors are eligible but a few of our stipends are specific to majors (English, Finance, Computer Science, Urban Sustainability) and some are specific to career interests (pre-law, governmental accounting)
- Minimum GPA is 3.0. You must be a undergraduate or graduate student at the time you will intern. You can apply before securing an internship. Review our additional eligibility requirements

How do I apply?

Submit your application by the deadline (please note applications are looked at after the deadline and late applications are not accepted) Summer/Fall Internship Deadline: March and Spring Internship Deadline: October.

To apply:

1. Click on this page Brooklyn College - Scholarship Application and Search (note: it will take you to the Brooklyn College - Scholarship Application and Search page. We are using the same program to administer the stipend)
2. Log in
3. Once you log in select Magner Career Center - Stipend Award Application.

Once in the application you will be asked to submit your resume, list the contact information of one reference (professional or academic) and to submit responses to the following questions:

1. Describe your career interest and how you selected this potential career
2. Describe the type of internship/student teaching/service learning you are applying for/have secured. How does it support your career goals?
3. Describe your financial need/situation (How will receiving the money benefit you? How do you currently support yourself? Are you part of any program that provides a stipend for internships?)
4. Describe your level of engagement with the career center. Include specific examples regarding what services you have used and/or events have you attended and how you benefited from them. or Please explain why you have not used the Center's services or attended any events.
5. Aside from financial need, why should you be selected to receive the award? Keep in mind that the program is competitive, convince us!
6. Optional essay (not scored, used to determine amount): Stipends are $1,800 (this is before taxes are withheld). If you have expenses or circumstances that require you to receive a higher stipend.

How can I make my application standout?

Winners are determined by their resume, essay responses, recommendation and, in some cases, an interview. What happens if I am selected?

For more information and answers to common questions, go to the FAQs page and make sure you are aware of the internship site eligibility requirements. Receiving the stipend is contingent on approval of the internship site.

Where does the funding come from?

These awards are made possible by very generous donations from Brooklyn College alumni (Magner, Tow, Garil, O’Hara, Friedman, Glaser, Kandel, Sisti, Geen, Lebowitz and Weill).

Are there other stipend/funding opportunities?

Yes check 1) Cancer Research Internship/Stipend 2) Scholarship office page: Rosen fellow, Watson and Zicklin fellows may also help cover for unpaid internships or External Internship Stipend Programs.
Please note: Requirements/Guidance on In-Person/Partial Remote Internships

If you have any internship opportunities that won’t be fully remote, at the moment please be aware that CUNY has informed the campuses that student internship-seekers should be performing their new roles in remote-only format. Students who choose to participate in an in-person internship, are participating at their own risk. If the internship is for credit or a stipend it must be approved. Note that most in-person internships are not being approved even if it is for credit or a stipend. Employers or students who have questions about whether their internship can be in person should reach out to intern@brooklyn.cuny.edu for assistance.
